WELCOME BACK, NOODLE GANG

Issei's commitment to quality lives in the heart of our ramen. We want you to experience the unparalleled difference that fresh, hand made noodles bring to each bowl on this menu.

While we understand individual preferences... we believe that altering these recipes will tip the harmony of the bowl's balanced flavors.

In the spirit of preserving the masterful art of ramen, we ask for your understanding and kind cooperation in limiting your modifications.

Please take care to alert your server prior to ordering if you have any allergies.

Consuming raw or undercooked eggs may increase your risk of foodborne illness.

Issei's shoyu soy sauce is proudly blended in-house using only the finest imported Japanese soy products.

As a result, please be aware that most of our menu may not be able to accommodate diets with severe soy-intolerance restrictions.
